Bermuda Beach at Kill Your Idol

If you know who Notorious Nastie is, it should be no surprise that the Bermuda Beach show to celebrate his birthday is planned to be a carnival of local underground talent. Lay the release of Lamebot's "Strains: Variety Pack EP 3" on top, and you've got a recipe for the best of Miami nightlife packed into five hours of strange debauchery. Expect performances by Charisma Coates, Viper x Piper, Master Feathers, and Lamebot, plus sets by local rappers Joe Galaxy and Writesound. Be one of the first to show up, and you could download "Strains" for free.
